**BACKGROUND:**

Stretching for more than 24,000 kilometres and profiling Canada's diverse landscapes and cultures, The Great Trail is the world's longest network of recreational multi-use trails. With the valued support of our partners, donors, volunteers and all levels of government, The Great Trail links over 15,000 communities from coast to coast to coast, and 80% of Canadians are within 30 minutes of a section of the Trail.

Moving forward, our mission will be to continue to enhance and improve the Trail. This involves creating more adventures by developing new Trail sections, converting interim roadways to greenways, making the Trail more accessible, funding emergency repairs and strengthening our relationship with Indigenous communities. We will promote and assist in the development and use of The Great Trail by garnering support and continuing to nurture valuable relationships with Trail enthusiasts and partners across the country.
