

“We are with you every step of the way!”

Dr. George Burton Priddle
1938 - 1998

George Priddle dedicated his life to the development of parks and trails in Canada. He received his BA (Geography) from the U of WO ('62), his MA ('64) & PhD ('72) from Clark University, Mass. These early beginnings focused on the recreational use and people's perception of Canada's wilderness.

George's personal and professional mission was the identification and preservation of Canada's natural heritage, to be maintained for the enjoyment of all. During his 27-year tenure as a professor of Environmental Studies at the University of Waterloo, he influenced many students who continue this mission today.

George served as Chairman, Provincial Parks Council from 1974-81. In 1998 he received the Ontario Heritage Protection Award for outstanding contributions to the provincial parks system.

George's passion for his work, shared with family and friends, permeated his efforts on the local trails of Conestogo and his endeavours in linking the Trans Canada Trail to the Waterloo region.

His was a labour of love.

Clarica, a proud Canadian company, and its employees

take great pride in helping make the longest recreational trail in the world a reality

by supporting the Trans Canada Trail.
